

Making the Learning Stick while ensuring it is Fun too

All the activities that the kids partake in have been cleverly designed to teach them very important, hard hitting skills while still keeping it informal fun and playful. We find this very effective in embedding the learning. And it is the holidays after all! Learning impact is very important for us, so we ensure there are very practical hands-on activities that make each learning point very memorable. Eg. Kids in teams will be asked to help on the Farm to pen the sheep for their health check. How they work in teams will determine how effective they are in completing the task. Valuable learnings on team working and leadership will be drawn out every afternoon around the camp fire, with their notebooks in hand.

Cost is £1000 per child per week. Fully inclusive of accommodation, food and all activities. A complete list of items to bring will be supplied upon booking.

Summer Leadership Camp

AT DROVERS REST RUN BY
THE TRAINERS OF GOOGLE
& UNILEVER

Summer Leadership Camp

Our awesome Kids Leadership Summer Camps are ltd in number to give kids individual attention and mentorship. Run by the trainers of Google & Unilever, they are held at our award winning Organic Farm, Drovers Rest and will be a week long in July & August. Discounts for multiple weeks. Certification will be given at the end. It is most suitable for kids entering/in year 6 and 7. Ages 10-12.

Kids will be working on the farm in teams and taking part in activities such as orienteering, african drumming, canoeing, bushcraft, archery etc. They will leave feeling confident to take care of animals, grow veg, cook, work in teams, take on leadership roles, communicate clearly, encourage and support others and skills to look after their long term well-being and happiness.
